To Advertisers.—The VERMONT DAILY TRANSCRIPT has the largest circulation in St. Albans and in Franklin County, of any daily paper, and on that account, if no other, the best medium for advertising.

## Local Items.

Interesting matter, original or selected, may always be found on the first page.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Merrifield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

Dr. Crabtree is coming. See advertisement.

THE LECTURE TO-NIGHT.—Our readers will remember the lecture of Rev. W. H. Irwin, upon life in New Orleans, at Academy Hall, to-night.

OUR INK.—We owe an apology to our readers for the bad appearance of the TRANSCRIPT of late, which is owing entirely to the poor ink which we are using, and which we took upon recommendation. A new invoice of better ink will be received in a day or two which will remedy the fault.

TEMPLES OF HONOR AND TEMPERANCE.—Crystal Fountain Temple of Honor No. 4, of St. Albans, Vt. held its regular election of officers on Tuesday evening, for the ensuing semi-annual term. The following officers were unanimously elected:

Rev H K Cobb	WCT
W A Cooper	WVT
M B Olmsted	WR
Wm P Walker	WAR
G D Williams	WFR
J J Burgess	WT
S C Green	WU
W H Dickinson	WDU
D G Mitchell	WG
B P Green	WS
Rev P P Ray	WC

S. S. Bedard becomes P W C T by rotation.

STEAM FIRE ENGINE.—Rutland has a new steam fire engine, the "Kellington." The Steamer is from the celebrated manufactory of the Ameskeag Company, of Manchester, N. H., and is a first class Steamer of the 2d size, weighing something over 4500 lbs., and throws two streams.

CASTLETON.—During the last week, the Goodwin house, one of the largest and oldest dwellings in the village, having stood on Main street more than a half century, was moved to the rear of the new hotel, and is to be connected to that building. The Bachelier family remained in the old mansion as though everything in and around it was undisturbed.

THE VERMONT CENTRAL RAILROAD.—The earnings of this road for the year ending May 31st, amounted to \$1,788,406.35; the expenses were \$1,275,100.33; expended in building a new draw at Rouse's Point \$251,461.80, leaving a net profit to the company of \$251,844.16. During the year, there were sixty-two casualties on the road, twenty-three cases fatal.

A SOLDIERS MONUMENT.—A monument to be erected by the town of Cornwall to the memory of its fallen heroes is now at Montpelier awaiting transportation. It is constructed by Ira P. Harrington of Barre, of Barre Granite. The stone and the workmanship and the finish are spoken of in the highest terms by those who have seen it.

The design is after that of the Bailey Monument in the Cemetery at Montpelier. The dimensions of the base are 5 feet 2 inches by 2 feet. The shaft is 2 feet 2 inches by 15 inches. The die is 3 feet 2 inches square, and 4 feet 2 inches in height. The shaft is octagonal 12 feet 2 inches in height, by two feet at the base and 13 inches at the top. The die is surrounded by arched moldings. On the face of the die is inscribed in bold raised letters:

## CORNWALL REMEMBERS.

1861 1862

The Monument is to be surmounted with a Globe and Eagle. Its whole height is 23 feet and cost about \$16.00.

RUTLAND.—Two old offenders were arraigned before C. Spencer, Esq., recently, for violations of the liquor law. They were respectively fined \$80 and \$90 and costs for the aforesaid violations. Both cases were appealed to the County Court.

PATENTS.—The following patents have been awarded to Vermonters, from the United States Patent Office, during the week ending Oct. 25th, and bearing that date:

Beaumont Butler and Charles F. Ramsey, of St. Johnsbury, for improvements in saw frames.

A. W. Whitney and P. A. Whitney, of Woodstock, for improvement in machine for bending sheet metal.

P. A. Whitney, of Woodstock, for improvement in countersink. Antedated Oct. 16th, 1868.

MONTPELIER.—Judge Poland will address the Montpelier Grant and Colfax Club this (Wednesday) evening.

An old fashioned husking "bee," consisting of seventy-five couples, added 400 bushels of corn to John Bittel's crib in Weybridge, and were bountifully entertained for it.

To the town of Poultney was awarded last evening the \$100 flag offered by the Rutland County Committee to the town having more than 200 voters, which should cast the largest Republican majority. Col. C. H. Joyce made the presentation speech.

A hog was recently cured in Lyndon whose live weight was 855 lbs. June 11 it weighed 300 lbs., thus having gained 555 lbs. in 4 months and 8 days; or about four and a half lbs per day.

A large gray eagle has been flying round Lake Bombazine, Castleton, several days past. The bird has a bell around its neck, indicating that it was once a tame or caged eagle.

MONDAY, Oct. 26.

## AFTERNOON.

Mr. Proctor of Rutland called up H. 20, to amend secs. 18 and 15, of chap. 70 g. s., relating to divorce.

Mr. Dunn of Fairfax, gave a history of the bill, and of the desire on the part of many, that some change should be made in the law relating to divorce, as it had become so common as to become an scandal on our State. He thought some change was desired, but he could see objections to the bill, and should not urge its passage. He introduced it by request, and having discharged his duty, should leave it in the hands of the House.

WHAT MAKES YOUR HAIR SO BEAUTIFUL? MRS. S. A. ALLEN'S IMPROVED (new style) HAIR RESTORER OR DRESSING. (In one bottle.) Price One Dollar. Every Druggist sells it.

A busy man is a locomotive, and life a track. Every night he drives into "the house," and stops. Every morning he is fired up anew, and away he goes switching off in one direction and then in another. In this routine of business he forgets that the physical organization is of the most delicate kind. If a hard locomotive needs constant care, so will he well oiled up and rubbed off every day how much more necessary is it that all men and women should use Plantation Bitters, which are the *ne plus ultra* of everything which is necessary to keep the system in a perfect tone of health.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

For many years the Piano Forte has held unquestioned monopoly; but a growing taste for the orchestral effects in playing which the Pian can render, has attracted attention to the Organ. Cleanness, portableness, and convenience of manipulation are also advantages in the American Organ, as made by Messrs. S. D. & H. W. Smith, of Boston, which eminently recommend them for home, school, and chapel use. A day or two since we visited the new extensive manufactory of the above-named instruments, on Boston Neck, and were surprised at the vast amount of labor in operation, and the completeness of the appliances in use, from the heavy machinery which cuts the stock, to the delicate apparatus which finishes the key work and action. Messrs. S. D. & H. W. Smith are regarded as the best Organ manufacturers in the world, and although able to turn out one hundred instruments a week, they have found difficulty in filling orders, which come from all parts of the country. None who hear these popular instruments, with their grand, sonorous, sympathetic and expressive tones, are surprised at the favor with which they are regarded by leading musicans.

A Disressing Cough, causes the friends of the suffering almost as much pain as the sufferer himself, and so it deserves immediate attention. Dr. W. S. Balm of Wild Cherry specifies three coughs, colds, influenza, sore throat, &c. It will always relieve consumption, and in many well attested cases it has effected a perfect cure.

Quality and quantity are the two desirable attributes of "Barrett's Vegetable Hair Restorative." The bottles are neither corked, thimbled, nor the preparation itself a worthless compound of deleterious minerals, as has been proved by the Award Committee of the N. H. E. S. GOODWIN, Esq., Agent Welden Spring Water.

DEAR SIR: I write to acknowledge the benefit I have received from the Welden Spring Water. I have been troubled with Disease of the Kidneys for many years. I have consulted some of the best physicians in the country and received no relief. Some few months since I was recommended to try the Welden Spring Water. I had not taken it long before I was surprised to see how much good it had done me. Since then I always take it in my room and seldom drink any other water, knowing eventually it will cure me. As I am anxious that others should be benefited by my experience, I cheerfully recommend it to all suffering with the same disease. Respectfully,

J. J. MAY.

[From Francis B. Dixon, Esq., Counselor at Law and Average Adjuster, Boston.]

17 MERCHANTS EXCHANGE, Boston, October 3, 1868.

E. S. GOODWIN.

DEAR SIR: I cheerfully comply with your request to give my candid opinion of the merits of the Welden Spring Water. For some years I have suffered much from Dyspepsia, and having exhausted patent medicines and the prescriptions of many physicians, I was advised to try the Welden Spring Water. I found by taking a glass of the water before meals it acts as a tonic and general regulator of the system, and enables me to eat any kind of food without inconvenience. The only evidence I can give of my appreciation of its virtues is a recommendation to every one suffering from Dyspepsia to try it.

Yours truly, FRANK B. DIXON.

QUINCY, MASS., Oct. 3, 1868.

E. S. GOODWIN, Esq.

DEAR SIR: My wife has used your Welden Spring Water, and has received great benefit from it. Before she used it, she had a bad cough, and had been in the doctor's office for weeks. The cough has entirely disappeared, and she is as well, or better, than she has been for ten years.

Very respectfully your old servant,

JOHN T. WILLEY.

Proprietor of Hancock House, Quincy.
